

STAGE 5 FOOD TECHNOLOGY

200-hour flexible master teaching program

2027 early implementation | modular family | current learning and planned gaps kept visibly separate

Course	Stage 5 Food Technology 200-hour elective	Syllabus	Open the official Food Technology 7-10 Syllabus (2025)
Reference timetable	80 weeks 200 x 60-minute periods	Pattern	5 periods per fortnight; local order Teacher to confirm
Current units	3 units periods 1-60 real site routes	Future capacity	7 modular slots periods 61-200 gap-recorded
Planned balance	50 Site/theory 42 Project/folio 108 Practical	Practical majority	Planned, not claimed as delivered until local evidence exists
Coverage	All 125 official Stage 5 content statements allocated	Status	Local review candidate schema 1.1

Complete Stage 5 outcomes

Outcome	Exact official wording
FT5-SAF-01	applies safe work and management practices through food design and production processes
FT5-COM-01	communicates ideas, concepts and solutions in food design and production contexts
FT5-FPP-01	selects and justifies the use of food preparation and presentation practices
FT5-USE-01	selects and applies ingredients, techniques and equipment in food design and production contexts
FT5-IET-01	explains industry practices and emerging technologies used in food design and production
FT5-NSA-01	assesses how nutrition, food selection and availability influence individuals and communities
FT5-ENV-01	analyses relationships between food production systems, sustainability and society

[Open the official Stage 5 outcomes](#)

Teacher gate: periods 61-200 are a source-bound build queue, not invented course content. A future unit becomes delivery-ready only after its real site, practical authority, evidence checkpoint and local rotation are approved.

Periods 1-10 | Food in Australia

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
1	Site/theory	Module 1: Safety first	Learn From hazard to control; Hygiene breaks the contamination chain. Open theory Open checks	Contributes to: Identify and apply safe and hygienic food preparation practices	20 checks plus two saved formative responses; evidence remains on the device. FT5-SAF-01, FT5-FPP-01, FT5-USE-01
2	Project/folio	Module 1: Safety first - apply and record	Learn Ready before you begin; complete its checks and written response. Open theory Open folio	Contributes to: Assess risks when managing safe and hygienic handling of ingredients and equipment	10 checks, one saved response, module activity and folio checkpoint. FT5-SAF-01, FT5-FPP-01, FT5-USE-01
3	Site/theory	Module 2: Native foods and nutrition	Learn Country, identity and respectful language; Compare nutrition evidence fairly. Open theory Open checks	Supports: Investigate how Aboriginal and Torres Strait Islander Peoples share Knowledges about food and.	20 checks plus two saved formative responses; evidence remains on the device. FT5-FPP-01, FT5-NSA-01, FT5-ENV-01
4	Project/folio	Module 2: Native foods and nutrition - apply.	Learn Modify with a reason; complete its checks and written response. Open theory Open folio	Supports: Investigate how Aboriginal and Torres Strait Islander Peoples' customary ingredients may influence.	10 checks, one saved response, module activity and folio checkpoint. FT5-SAF-01, FT5-USE-01, FT5-NSA-01
5	Site/theory	Module 3: Cultural Knowledge and ICIP	Learn Cultural Knowledge is living, local and owned; Seasons, cycles and caring for resources. Open theory Open checks	Supports: Describe how Aboriginal and Torres Strait Islander Peoples' customary sustainable food Practices may.	20 checks plus two saved formative responses; evidence remains on the device. FT5-COM-01
6	Project/folio	Module 3: Cultural Knowledge and ICIP - apply.	Learn Research, permission and ICIP; complete its checks and written response. Open theory Open folio	Supports: Create written texts to explain how food practices are influenced by their historical and cultural.	10 checks, one saved response, module activity and folio checkpoint. FT5-COM-01
7	Site/theory	Module 4: Food systems, missions and nutrition	Learn Roles, knowledge and responsibility; Introduced rations and nutrition. Open theory Open checks	Supports: Investigate the nutritional value of Aboriginal and Torres Strait Islander Peoples' customary foods	20 checks plus two saved formative responses; evidence remains on the device. FT5-USE-01, FT5-IET-01, FT5-NSA-01
8	Project/folio	Module 4: Food systems, missions and nutrition.	Learn Read historical food sources critically; complete its checks and written response. Open theory Open folio	Supports: Create written texts to explain how food practices are influenced by their historical and cultural.	10 checks, one saved response, module activity and folio checkpoint. FT5-NSA-01, FT5-ENV-01, FT5-COM-01
9	Site/theory	Module 5: Colonisation, settlement and.	Learn Colonisation changed food access; Settler food constraints and technology. Open theory Open checks	Supports: Describe historical influences on Australian food practices, including introduced foods.	20 checks plus two saved formative responses; evidence remains on the device. FT5-SAF-01, FT5-FPP-01, FT5-IET-01
10	Project/folio	Module 5: Colonisation, settlement and.	Learn Migration changed Australian food habits; complete its checks and written response. Open theory Open folio	Supports: Describe historical influences on Australian food practices, including introduced foods.	10 checks, one saved response, module activity and folio checkpoint. FT5-FPP-01, FT5-USE-01, FT5-ENV-01

Periods 11-20 | Food in Australia

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
11	Site/theory	Module 6: Multicultural influences	Learn Contemporary Australian cuisine keeps changing; Research one food culture without stereotyping. Open theory Open checks	Supports: Analyse the influence of cultural diversity on the evolving nature of Australian cuisine	20 checks plus two saved formative responses; evidence remains on the device. FT5-FPP-01, FT5-USE-01, FT5-IET-01
12	Practical	Module 6: Multicultural influences - apply and.	Learn Ingredients, flavours and methods work together; complete its checks. Open theory Open checks	Supports: Investigate how ingredients can be combined to create contemporary fusion foods	10 checks, one saved response and module activity. FT5-SAF-01, FT5-FPP-01, FT5-USE-01
13	Site/theory	Module 7: Fusion food design	Learn Fusion needs a purpose; Research before you design. Use each named section. Open theory Open checks	Supports: Examine current food trends that reflect cultural diversity within Australian communities	20 checks plus two saved formative responses; evidence remains on the device. FT5-FPP-01, FT5-USE-01, FT5-ENV-01
14	Practical	Module 7: Fusion food design - apply and.	Learn Annotate a safe, feasible concept; complete its checks, written response and the module activity. Open theory Open checks	Supports: Investigate how ingredients can be combined to create contemporary fusion foods	10 checks, one saved response and module activity. FT5-SAF-01, FT5-FPP-01, FT5-USE-01
15	Site/theory	Module 8: Food production and processing	Learn Food technology changes systems; Processing changes food properties. Open theory Open checks	Contributes to: Identify food processing systems in Australia	20 checks plus two saved formative responses; evidence remains on the device. FT5-SAF-01, FT5-FPP-01, FT5-USE-01
16	Practical	Module 8: Food production and processing -.	Learn Choose a method for the purpose; complete its checks, written response and the module activity. Open theory Open checks	Supports: Describe how food processing affects the sensory and nutritional properties of food	10 checks, one saved response and module activity. FT5-SAF-01, FT5-FPP-01, FT5-USE-01
17	Site/theory	Module 9: Food choice and advertising	Learn Food choices have interacting influences; Decode a food advertisement. Open theory Open checks	Supports: Examine how media influences the marketing and promotion of local and community food systems	20 checks plus two saved formative responses; evidence remains on the device. FT5-USE-01, FT5-NSA-01, FT5-ENV-01
18	Project/folio	Module 9: Food choice and advertising - apply.	Learn Persuade without misleading; complete its checks and written response. Open theory Open folio	Contributes to: Evaluate how food is designed and promoted to influence individual and consumer choices	10 checks, one saved response, module activity and folio checkpoint. FT5-USE-01, FT5-NSA-01, FT5-ENV-01
19	Site/theory	Module 10: Synthesis and assessment readiness	Learn Analyse a food diary without judgement; Explain change with evidence. Open theory Open checks	Supports: Examine physiological, psychological, social and economic factors that influence food selection	20 checks plus two saved formative responses; evidence remains on the device. FT5-FPP-01, FT5-IET-01, FT5-NSA-01
20	Project/folio	Module 10: Synthesis and assessment readiness.	Learn Select, reflect and present evidence; complete its checks and written response. Open theory Open folio	Supports: Create written texts to explain how food practices are influenced by their historical and cultural.	10 checks, one saved response, module activity and folio checkpoint. FT5-FPP-01, FT5-COM-01

Periods 21-30 | Food Selection and Health

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
21	Site/theory	M1.1 Personal hygiene and readiness	Use the section visual and media/equivalent. Complete 'Contamination-chain photo audit' and Package 1.1. Open theory Open checks	Contributes to: Identify and apply safe and hygienic food preparation practices	10 MCQs + feedback; one scaffolded response; save 'M1.1 Readiness control'. FT5-SAF-01, FT5-FPP-01, FT5-COM-01
22	Practical	M1.2 Contamination, temperature and food.	Use the section visual and media/equivalent. Complete 'Bench-route control challenge' and Package 1.2. Open theory Open checks	Contributes to: Assess risks when managing safe and hygienic handling of ingredients and equipment	10 MCQs + feedback; one scaffolded response; save 'M1.2 Hazard-route plan'. FT5-SAF-01, FT5-FPP-01, FT5-COM-01
23	Site/theory	M1.3 Safe decisions and incident response	Use the section visual and media/equivalent. Complete 'First-action decision carousel' and Package 1.3. Open theory Open checks	Contributes to: Identify and apply safe and hygienic food preparation practices	10 MCQs + feedback; one scaffolded response; save 'M1.3 Near-miss redesign'. FT5-SAF-01, FT5-FPP-01, FT5-COM-01
24	Site/theory	M2.1 Six nutrients and their roles	Use the section visual and media/equivalent. Complete 'More than one nutrient' and Package 2.1. Open theory Open checks	Supports: Explain how the body uses nutrients from food for growth, repair and daily function	10 MCQs + feedback; one scaffolded response; save 'M2.1 Nutrient-team lunch'. FT5-FPP-01, FT5-NSA-01, FT5-COM-01
25	Project/folio	M2.2 Energy, growth and repair	Use the section visual and media/equivalent. Complete 'Same energy'. Open theory Open folio	Supports: Explain how the body uses nutrients from food for growth, repair and daily function	10 MCQs + feedback; one scaffolded response; save 'M2.2 Context-based meal'. FT5-FPP-01, FT5-NSA-01, FT5-COM-01
26	Practical	M2.3 Digestion and nutrient absorption	Use the section visual and media/equivalent. Complete 'Digestive journey relay' and Package 2.3. Open theory Open checks	Supports: Describe the absorption and metabolism of nutrients in the body during the digestion process	10 MCQs + feedback; one scaffolded response; save 'M2.3 Journey of a mixed'. FT5-FPP-01, FT5-IET-01, FT5-NSA-01
27	Site/theory	M3.1 Ingredients, servings and nutrition.	Use the section visual and media/equivalent. Complete 'Three-pass label scan' and Package 3.1. Open theory Open checks	Contributes to: Outline legislative food labelling requirements	10 MCQs + feedback; one scaffolded response; save 'M3.1 Label evidence'. FT5-FPP-01, FT5-USE-01, FT5-NSA-01
28	Project/folio	M3.2 Comparing foods fairly	Use the section visual and media/equivalent. Complete 'Comparison referee' and Package 3.2. Open theory Open folio	Supports: Assess nutritional claims used to influence consumer choice	10 MCQs + feedback; one scaffolded response; save 'M3.2 Fair food comparison'. FT5-FPP-01, FT5-USE-01, FT5-NSA-01
29	Site/theory	M3.3 Marketing claims, ethics and health	Use the section visual and media/equivalent. Complete 'Thirty-second impression reset' and Package 3.3. Open theory Open checks	Contributes to: Investigate how media may influence food selection and impact the health of individuals and.	10 MCQs + feedback; one scaffolded response; save 'M3.3. FT5-FPP-01, FT5-NSA-01, FT5-ENV-01
30	Site/theory	M4.1 Active non-nutrients and food variety	Use the section visual and media/equivalent. Complete 'Variety evidence sort' and Package 4.1. Open theory Open checks	Contributes to: Investigate types and food sources of dietary fibre and its role in supporting health and.	10 MCQs + feedback; one scaffolded response; save 'Food-choice reasoning'. FT5-FPP-01, FT5-NSA-01, FT5-COM-01

Periods 31-40 | Food Selection and Health

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
31	Practical	M4.2 Nutrition across the lifecycle	Use the section visual and media/equivalent. Complete 'Lifecycle meal adaptation studio' and Package 4.2. Open theory Open checks	Supports: Outline the nutritional needs of individuals and groups of people at each stage of life	10 MCQs + feedback; one scaffolded response; save 'User needs and. FT5-FPP-01, FT5-NSA-01, FT5-COM-01
32	Project/folio	M4.3 Personal, social, cultural and digital.	Use the section visual and media/equivalent. Complete 'Influence detective' and Package 4.3. Open theory Open folio	Supports: Examine physiological, psychological, social and economic factors that influence food selection	10 MCQs + feedback; one scaffolded response; save 'Influences on selection'. FT5-FPP-01, FT5-NSA-01, FT5-COM-01
33	Site/theory	M5.1 Australian food-consumption patterns	Use the section visual and media/equivalent. Complete 'Pattern claim clinic' and Package 5.1. Open theory Open checks	Supports: Use data to assess how and why Australian food consumption patterns have changed over time	10 MCQs + feedback; one scaffolded response; save 'Using population evidence'. FT5-FPP-01, FT5-NSA-01, FT5-COM-01
34	Practical	M5.2 Convenience, delivery and food technology	Use the section visual and media/equivalent. Complete 'Convenience system map' and Package 5.2. Open theory Open checks	Supports: Investigate emerging technologies used in food production, processing and preservation	10 MCQs + feedback; one scaffolded response; save 'Technology and trade-offs'. FT5-SAF-01, FT5-FPP-01, FT5-USE-01
35	Project/folio	M5.3 Designing responsible food solutions	Use the section visual and media/equivalent. Complete 'Design decision matrix sprint' and Package 5.3. Open theory Open folio	Contributes to: Apply creative concepts and design thinking to generate and evaluate food design ideas and.	10 MCQs + feedback; one scaffolded response; save 'Responsible food design'. FT5-FPP-01, FT5-NSA-01, FT5-COM-01
36	Site/theory	M6.1 Under- and overnutrition	Use the section visual and media/equivalent. Complete 'Pattern-mechanism-support triads' and Package 6.1. Open theory Open checks	Supports: Explain how informed food choices can support the management of nutrition-related health conditions	10 MCQs + feedback; one scaffolded response; save 'Nutrition patterns and. FT5-FPP-01, FT5-NSA-01, FT5-COM-01
37	Site/theory	M6.2 Nutrition-related conditions and.	Use the section visual and media/equivalent. Complete 'Mechanism and claim clinic' and Package 6.2. Open theory Open checks	Supports: Explain how informed food choices can support the management of nutrition-related health conditions	10 MCQs + feedback; one scaffolded response; save 'Nutrition-related. FT5-SAF-01, FT5-FPP-01, FT5-NSA-01
38	Project/folio	M6.3 Australian guidance and the HelloEats.	Use the section visual and media/equivalent. Complete 'Draft HelloEats evidence sprint' and Package 6.3. Open theory Open folio	Contributes to: Investigate and evaluate food guides that promote balanced and nutritious food choices	10 MCQs + feedback; one scaffolded response; save 'Draft HelloEats concept'. FT5-FPP-01, FT5-COM-01
39	Practical	Teacher-approved food-solution application	If locally approved, produce or test one food solution under current room directions. Open theory Open checks	Contributes to: Apply creative concepts and design thinking to generate and evaluate food design ideas and.	Teacher observation if approved; design criteria. FT5-SAF-01, FT5-FPP-01, FT5-USE-01
40	Project/folio	Course synthesis, review and evidence export	Review completion across all six modules, 18 packages and eight folio stages. Open theory Open folio	Contributes to: Investigate and evaluate food guides that promote balanced and nutritious food choices	Final synthesis/evaluation, local folio export and teacher review of named. FT5-FPP-01, FT5-COM-01

Periods 41-50 | Food for Specific Needs

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
41	Site/theory	Launch specific food needs	Learn the circumstances that create specific food needs; complete the scenario sorter. Open theory Open checks	Supports: Examine physiological, psychological, social and economic factors that influence food selection	Saved activity and written explanation using a supplied or fictional scenario. FT5-SAF-01, FT5-NSA-01, FT5-ENV-01
42	Project/folio	Specific-needs brief	Turn the verified circumstance into a person-first design brief. Record facts. Open theory Open folio	Supports: Examine physiological, psychological, social and economic factors that influence food selection	Brief checkpoint without private medical details. FT5-SAF-01, FT5-NSA-01, FT5-ENV-01
43	Site/theory	Factors shaping food choices	Analyse interacting personal, social, economic and environmental food-choice factors. Open theory Open checks	Supports: Examine physiological, psychological, social and economic factors that influence food selection	Choice-factor matrix and reasoned trade-off. FT5-FPP-01, FT5-USE-01, FT5-NSA-01
44	Project/folio	Meal planning for a circumstance	Develop and justify the site meal-plan proposal against the supplied need, occasion and constraints. Open theory Open folio	Contributes to: Design and create meals using alternative ingredients to meet specific dietary needs	One-day meal-plan rationale; proposal only, not a medical guarantee. FT5-SAF-01, FT5-FPP-01, FT5-USE-01
45	Site/theory	Culture, belief and taboos	Learn how taboos and food practices require respectful, source-bounded investigation. Open theory Open checks	Supports: Investigate food customs and practices of a specific culture	Respectful claim and stereotype correction. FT5-SAF-01, FT5-ENV-01, FT5-COM-01
46	Project/folio	Religious and ethical choices	Compare a supplied food choice with verified religious or ethical boundaries and explain what remains. Open theory Open folio	Contributes to: Discuss the influence of food safety, sustainability and ethical production on consumer food.	Ingredient/process audit and qualified recommendation. FT5-SAF-01, FT5-FPP-01, FT5-USE-01
47	Site/theory	Evidence for respectful investigation	Use the source ladder to separate authority, evidence, inference and missing knowledge. Open theory Open checks	Supports: Create written texts to explain how food practices are influenced by their historical and cultural.	Source evaluation with uncertainty visible. FT5-COM-01
48	Site/theory	Nutrition changes through life	Learn how nutritional priorities can change across lifecycle stages without personal diagnosis. Open theory Open checks	Supports: Outline the nutritional needs of individuals and groups of people at each stage of life	Lifecycle map and evidence-based explanation. FT5-NSA-01, FT5-ENV-01, FT5-COM-01
49	Site/theory	Adolescent nutrition	Use population guidance to analyse a supplied school-day pattern; complete checks and written response. Open theory Open checks	Supports: Outline the nutritional needs of individuals and groups of people at each stage of life	Pattern analysis using population guidance only. FT5-SAF-01, FT5-NSA-01, FT5-ENV-01
50	Project/folio	Lifecycle meal design	Develop criteria and a meal concept for a supplied lifecycle brief. Open theory Open folio	Contributes to: Plan and safely prepare nutritious foods to meet the needs of individuals and groups of people	Meal concept, criteria and justification. FT5-SAF-01, FT5-FPP-01, FT5-USE-01

Periods 51-60 | Food for Specific Needs

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
51	Site/theory	Allergy and intolerance	Distinguish allergy, intolerance and preference using supplied scenarios. Open theory Open checks	Contributes to: Compare food allergies and intolerances to determine suitable food selection for individuals	Scenario decisions; no disclosure of personal health information. FT5-SAF-01, FT5-NSA-01, FT5-COM-01
52	Project/folio	Verified-management boundary	Apply the distinction to a fictional planning scenario and identify the current plan or professional. Open theory Open folio	Contributes to: Compare food allergies and intolerances to determine suitable food selection for individuals	Recorded stop points and authority pathway. FT5-SAF-01, FT5-NSA-01, FT5-COM-01
53	Site/theory	Labels and cross-contact	Audit a current Australian mock or teacher-supplied label and map possible cross-contact points. Open theory Open checks	Contributes to: Outline legislative food labelling requirements	Label and workflow audit using current evidence. FT5-SAF-01, FT5-FPP-01, FT5-USE-01
54	Practical	Diagnosed-need planning	Complete the site planning package. Practical work occurs only if the teacher confirms the current. Open theory Open checks	Contributes to: Design and create meals using alternative ingredients to meet specific dietary needs	Planning evidence; teacher observation only if an approved practical occurs. FT5-SAF-01, FT5-FPP-01, FT5-USE-01
55	Site/theory	Modified and fortified foods	Compare a current Australian product claim with its label evidence; complete checks and response. Open theory Open checks	Supports: Assess nutritional claims used to influence consumer choice	Claim-versus-evidence product comparison. FT5-USE-01, FT5-NSA-01, FT5-COM-01
56	Project/folio	Evaluate modified-food claims	Evaluate the limits of the selected claim and explain which consumer need it may or may not support. Open theory Open folio	Supports: Assess nutritional claims used to influence consumer choice	Qualified product evaluation using current label evidence. FT5-USE-01, FT5-NSA-01, FT5-COM-01
57	Site/theory	Dietary fibre	Use population guidance to explain fibre and improve a supplied food pattern without personal diagnosis. Open theory Open checks	Contributes to: Investigate types and food sources of dietary fibre and its role in supporting health and.	Pattern improvement justified with population guidance. FT5-NSA-01, FT5-COM-01
58	Project/folio	Support networks	Map the roles and limits of family, school, health professionals, labels and trusted organisations in. Open theory Open folio	Contributes to: Create written texts to explain how food selection supports nutrition and dietary needs	Support-network evaluation and referral boundary. FT5-SAF-01, FT5-NSA-01, FT5-ENV-01
59	Practical	Teacher-approved application	Apply the confirmed brief only if the teacher has approved the current recipe, labels. Open theory Open checks	Contributes to: Design and create meals using alternative ingredients to meet specific dietary needs	Teacher observation if approved; otherwise planning and evaluation evidence. FT5-SAF-01, FT5-FPP-01, FT5-USE-01
60	Project/folio	Folio synthesis and review	Select the strongest site evidence, evaluate it against the brief and export a backup. Open theory Open folio	Contributes to: Create written texts to explain how food selection supports nutrition and dietary needs	Completed folio export and improvement statement. FT5-SAF-01, FT5-NSA-01, FT5-ENV-01

Periods 61-70 | Future unit slot 4 | planned gap

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
61	Site/theory	Future unit slot 4: Food design and production	Build or select a source-backed lesson for Food design and production.	Investigate how Aboriginal and Torres Strait Islander Peoples' customary ingredients may influence.	Approved learning package, completed check and saved response. FT5-USE-01 Teacher to confirm
62	Site/theory	Future unit slot 4: Food design and production	Build or select a source-backed lesson for Food design and production.	Investigate and describe current trends in food design and production	Approved learning package, completed check and saved response. FT5-COM-01 Teacher to confirm
63	Site/theory	Future unit slot 4: Food design and production	Build or select a source-backed lesson for Food design and production.	Explore how emerging technologies may improve sustainability through food design and production	Approved learning package, completed check and saved response. FT5-IET-01, FT5-ENV-01 Teacher to confirm
64	Project/folio	Future unit slot 4: Food design and production	Build a future-unit folio task for Food design and production. Students apply the official point in.	Apply creative concepts and design thinking to generate and evaluate food design ideas and solutions for a.	Approved folio checkpoint and evidence destination. FT5-FPP-01, FT5-USE-01 Teacher to confirm
65	Project/folio	Future unit slot 4: Food design and production	Build a future-unit folio task for Food design and production. Students apply the official point in.	Apply planning and management skills when developing food design ideas and solutions	Approved folio checkpoint and evidence destination. FT5-FPP-01, FT5-USE-01 Teacher to confirm
66	Project/folio	Future unit slot 4: Food design and production	Build a future-unit folio task for Food design and production. Students apply the official point in.	Justify food design ideas and solutions through ingredient testing and experimentation for a specific context	Approved folio checkpoint and evidence destination. FT5-COM-01, FT5-USE-01 Teacher to confirm
67	Practical	Future unit slot 4: Food design and production	Teacher to authorise a practical experience that applies this official content.	Investigate and apply food presentation, photography and styling techniques used in food design and production	Teacher observation and authentic practical evidence after the activity and. FT5-FPP-01 Teacher to confirm
68	Practical	Future unit slot 4: Food design and production	Teacher to authorise a practical experience that applies this official content.	Describe how market research is used to influence consumer choice and food production	Teacher observation and authentic practical evidence after the activity and. FT5-COM-01, FT5-IET-01, FT5-NSA-01 Teacher to confirm
69	Practical	Future unit slot 4: Food design and production	Teacher to authorise a practical experience that applies this official content.	Discuss career pathways in food design and production	Teacher observation and authentic practical evidence after the activity and. FT5-COM-01, FT5-IET-01 Teacher to confirm
70	Practical	Future unit slot 4: Food design and production	Teacher to authorise a practical experience that applies this official content.	Identify and apply safe and hygienic food preparation practices	Teacher observation and authentic practical evidence after the activity and. FT5-SAF-01, FT5-FPP-01 Teacher to confirm

Periods 71-80 | Future unit slot 4 | planned gap

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
71	Practical	Future unit slot 4: Food design and production	Teacher to authorise a practical experience that applies this official content.	Design and create packaging and promotional materials for food products developed for specific contexts	Teacher observation and authentic practical evidence after the activity and. FT5-FPP-01, FT5-USE-01 Teacher to confirm
72	Practical	Future unit slot 4: Food design and production	Teacher to authorise a practical experience that applies this official content.	Plan and safely prepare food inspired by current trends in food design and production	Teacher observation and authentic practical evidence after the activity and. FT5-SAF-01, FT5-FPP-01 Teacher to confirm
73	Practical	Future unit slot 4: Food preparation practices	Teacher to authorise a practical experience that applies this official content.	Identify and describe a range of food preparation techniques and practices	Teacher observation and authentic practical evidence after the activity and. FT5-COM-01, FT5-FPP-01 Teacher to confirm
74	Practical	Future unit slot 4: Food preparation practices	Teacher to authorise a practical experience that applies this official content.	Investigate Aboriginal and Torres Strait Islander Peoples' customary and contemporary food preparation.	Teacher observation and authentic practical evidence after the activity and. FT5-FPP-01 Teacher to confirm
75	Practical	Future unit slot 4: Food preparation practices	Teacher to authorise a practical experience that applies this official content.	Assess risks when managing safe and hygienic handling of ingredients and equipment	Teacher observation and authentic practical evidence after the activity and. FT5-SAF-01, FT5-USE-01 Teacher to confirm
76	Practical	Future unit slot 4: Food preparation practices	Teacher to authorise a practical experience that applies this official content.	Apply planning and management skills when undertaking food preparation practices	Teacher observation and authentic practical evidence after the activity and. FT5-FPP-01 Teacher to confirm
77	Practical	Future unit slot 4: Food preparation practices	Teacher to authorise a practical experience that applies this official content.	Assess the functional properties of ingredients in food which has been planned and prepared for a specific.	Teacher observation and authentic practical evidence after the activity and. FT5-FPP-01, FT5-USE-01 Teacher to confirm
78	Practical	Future unit slot 4: Food preparation practices	Teacher to authorise a practical experience that applies this official content.	Describe and apply food practices to minimise food waste, deterioration and spoilage	Teacher observation and authentic practical evidence after the activity and. FT5-COM-01, FT5-ENV-01 Teacher to confirm
79	Practical	Future unit slot 4: Food preparation practices	Teacher to authorise a practical experience that applies this official content.	Investigate changes that occur when preparing and cooking food, including physical and nutritional variations	Teacher observation and authentic practical evidence after the activity and. FT5-FPP-01, FT5-NSA-01 Teacher to confirm
80	Practical	Future unit slot 4: Food preparation practices	Teacher to authorise a practical experience that applies this official content.	Evaluate the effect of various preparation techniques on the sensory characteristics of food including.	Teacher observation and authentic practical evidence after the activity and. FT5-FPP-01 Teacher to confirm

Periods 81-90 | Future unit slot 5 | planned gap

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
81	Site/theory	Future unit slot 5: Food preparation practices	Build or select a source-backed lesson for Food preparation practices.	Investigate how changes to ingredients and techniques in food preparation practices can improve the.	Approved learning package, completed check and saved response. FT5-FPP-01, FT5-USE-01, FT5-NSA-01 Teacher to confirm
82	Site/theory	Future unit slot 5: Food preparation practices	Build or select a source-backed lesson for Food preparation practices.	Create written texts to explain food design, production and preparation practices	Approved learning package, completed check and saved response. FT5-COM-01, FT5-FPP-01 Teacher to confirm
83	Site/theory	Future unit slot 5: Food preparation practices	Build or select a source-backed lesson for Food preparation practices.	Identify and apply safe and hygienic food preparation practices	Approved learning package, completed check and saved response. FT5-SAF-01, FT5-FPP-01 Teacher to confirm
84	Project/folio	Future unit slot 5: Food preparation practices	Build a future-unit folio task for Food preparation practices. Students apply the official point in.	Design and create meals that use the functional properties of ingredients to enhance flavour.	Approved folio checkpoint and evidence destination. FT5-USE-01 Teacher to confirm
85	Project/folio	Future unit slot 5: Food preparation practices	Build a future-unit folio task for Food preparation practices. Students apply the official point in.	Plan and safely prepare nutritious food, applying a range of food preparation techniques and practices	Approved folio checkpoint and evidence destination. FT5-SAF-01, FT5-FPP-01 Teacher to confirm
86	Project/folio	Future unit slot 5: Customary.	Build a future-unit folio task for Customary, historical and contemporary food practices.	Investigate how Aboriginal and Torres Strait Islander Peoples share Knowledges about food and sustainable.	Approved folio checkpoint and evidence destination. FT5-ENV-01 Teacher to confirm
87	Practical	Future unit slot 5: Customary.	Teacher to authorise a practical experience that applies this official content.	Discuss the Cultural significance of Aboriginal and Torres Strait Islander Peoples' customary food Practices	Teacher observation and authentic practical evidence after the activity and. FT5-COM-01 Teacher to confirm
88	Practical	Future unit slot 5: Customary.	Teacher to authorise a practical experience that applies this official content.	Describe historical influences on Australian food practices, including introduced foods.	Teacher observation and authentic practical evidence after the activity and. FT5-COM-01 Teacher to confirm
89	Practical	Future unit slot 5: Customary.	Teacher to authorise a practical experience that applies this official content.	Explain how changes in Australian society, including the nature and patterns of work.	Teacher observation and authentic practical evidence after the activity and. FT5-COM-01, FT5-FPP-01, FT5-NSA-01 Teacher to confirm
90	Practical	Future unit slot 5: Customary.	Teacher to authorise a practical experience that applies this official content.	Investigate technological advances that have influenced food preparation.	Teacher observation and authentic practical evidence after the activity and. FT5-FPP-01 Teacher to confirm

Periods 91-100 | Future unit slot 5 | planned gap

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
91	Practical	Future unit slot 5: Customary.	Teacher to authorise a practical experience that applies this official content.	Examine how emerging technologies and appliance trends support diverse food preparation and sustainable.	Teacher observation and authentic practical evidence after the activity and. FT5-FPP-01, FT5-IET-01, FT5-ENV-01 Teacher to confirm
92	Practical	Future unit slot 5: Customary.	Teacher to authorise a practical experience that applies this official content.	Use data to assess how and why Australian food consumption patterns have changed over time	Teacher observation and authentic practical evidence after the activity and. FT5-ENV-01, FT5-COM-01 Teacher to confirm
93	Practical	Future unit slot 5: Customary.	Teacher to authorise a practical experience that applies this official content.	Investigate how customary, historical and contemporary practices can be combined to create new and innovative.	Teacher observation and authentic practical evidence after the activity and. FT5-ENV-01, FT5-COM-01 Teacher to confirm
94	Practical	Future unit slot 5: Customary.	Teacher to authorise a practical experience that applies this official content.	Identify and apply safe and hygienic food preparation practices	Teacher observation and authentic practical evidence after the activity and. FT5-SAF-01, FT5-FPP-01 Teacher to confirm
95	Practical	Future unit slot 5: Customary.	Teacher to authorise a practical experience that applies this official content.	Design and create meals with customary ingredients used by Aboriginal and Torres Strait Islander Peoples in.	Teacher observation and authentic practical evidence after the activity and. FT5-USE-01 Teacher to confirm
96	Practical	Future unit slot 5: Customary.	Teacher to authorise a practical experience that applies this official content.	Plan and safely prepare nutritious food using customary, historical and contemporary practices	Teacher observation and authentic practical evidence after the activity and. FT5-SAF-01, FT5-FPP-01 Teacher to confirm
97	Practical	Future unit slot 5: Cultural influences on.	Teacher to authorise a practical experience that applies this official content.	Explore the significance of food in diverse cultures around the world	Teacher observation and authentic practical evidence after the activity and. FT5-ENV-01, FT5-COM-01 Teacher to confirm
98	Practical	Future unit slot 5: Cultural influences on.	Teacher to authorise a practical experience that applies this official content.	Identify ingredients, tools and techniques used by diverse cultures for food preparation	Teacher observation and authentic practical evidence after the activity and. FT5-FPP-01, FT5-USE-01 Teacher to confirm
99	Practical	Future unit slot 5: Cultural influences on.	Teacher to authorise a practical experience that applies this official content.	Investigate food customs and practices of a specific culture	Teacher observation and authentic practical evidence after the activity and. FT5-ENV-01, FT5-COM-01 Teacher to confirm
100	Practical	Future unit slot 5: Cultural influences on.	Teacher to authorise a practical experience that applies this official content.	Describe how food customs, celebrations and festivals may influence food availability in Australia	Teacher observation and authentic practical evidence after the activity and. FT5-COM-01, FT5-NSA-01 Teacher to confirm

Periods 101-110 | Future unit slot 6 | planned gap

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
101	Site/theory	Future unit slot 6: Cultural influences on.	Build or select a source-backed lesson for Cultural influences on Australian cuisine.	Examine current food trends that reflect cultural diversity within Australian communities	Approved learning package, completed check and saved response. FT5-ENV-01, FT5-COM-01 Teacher to confirm
102	Site/theory	Future unit slot 6: Cultural influences on.	Build or select a source-backed lesson for Cultural influences on Australian cuisine.	Generate ideas for nutritious, contemporary food products inspired by local and global cultures	Approved learning package, completed check and saved response. FT5-ENV-01, FT5-COM-01 Teacher to confirm
103	Site/theory	Future unit slot 6: Cultural influences on.	Build or select a source-backed lesson for Cultural influences on Australian cuisine.	Investigate how ingredients can be combined to create contemporary fusion foods	Approved learning package, completed check and saved response. FT5-USE-01 Teacher to confirm
104	Project/folio	Future unit slot 6: Cultural influences on.	Build a future-unit folio task for Cultural influences on Australian cuisine.	Apply food presentation, photography and styling techniques to contemporary fusion foods	Approved folio checkpoint and evidence destination. FT5-FPP-01 Teacher to confirm
105	Project/folio	Future unit slot 6: Cultural influences on.	Build a future-unit folio task for Cultural influences on Australian cuisine.	Explain how consumer food choices may influence food production, availability and distribution	Approved folio checkpoint and evidence destination. FT5-COM-01, FT5-NSA-01 Teacher to confirm
106	Project/folio	Future unit slot 6: Cultural influences on.	Build a future-unit folio task for Cultural influences on Australian cuisine.	Analyse the influence of cultural diversity on the evolving nature of Australian cuisine	Approved folio checkpoint and evidence destination. FT5-ENV-01, FT5-COM-01 Teacher to confirm
107	Practical	Future unit slot 6: Cultural influences on.	Teacher to authorise a practical experience that applies this official content.	Create written texts to explain how food practices are influenced by their historical and cultural contexts	Teacher observation and authentic practical evidence after the activity and. FT5-COM-01 Teacher to confirm
108	Practical	Future unit slot 6: Cultural influences on.	Teacher to authorise a practical experience that applies this official content.	Identify and apply safe and hygienic food preparation practices	Teacher observation and authentic practical evidence after the activity and. FT5-SAF-01, FT5-FPP-01 Teacher to confirm
109	Practical	Future unit slot 6: Cultural influences on.	Teacher to authorise a practical experience that applies this official content.	Design and create meals inspired by foods from local and global cultures, including fusion foods	Teacher observation and authentic practical evidence after the activity and. FT5-ENV-01, FT5-COM-01 Teacher to confirm
110	Practical	Future unit slot 6: Cultural influences on.	Teacher to authorise a practical experience that applies this official content.	Plan and safely prepare nutritious foods to reflect the evolving nature of Australian cuisine	Teacher observation and authentic practical evidence after the activity and. FT5-SAF-01, FT5-FPP-01 Teacher to confirm

Periods 111-120 | Future unit slot 6 | planned gap

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
111	Practical	Future unit slot 6: Nutritional value of foods	Teacher to authorise a practical experience that applies this official content.	Investigate the nutritional value of Aboriginal and Torres Strait Islander Peoples' customary foods	Teacher observation and authentic practical evidence after the activity and. FT5-NSA-01 Teacher to confirm
112	Practical	Future unit slot 6: Nutritional value of foods	Teacher to authorise a practical experience that applies this official content.	Describe how introduced foods influence Aboriginal and Torres Strait Islander Peoples' health and nutrition	Teacher observation and authentic practical evidence after the activity and. FT5-COM-01, FT5-NSA-01 Teacher to confirm
113	Practical	Future unit slot 6: Nutritional value of foods	Teacher to authorise a practical experience that applies this official content.	Explain how the body uses nutrients from food for growth, repair and daily function	Teacher observation and authentic practical evidence after the activity and. FT5-COM-01 Teacher to confirm
114	Practical	Future unit slot 6: Nutritional value of foods	Teacher to authorise a practical experience that applies this official content.	Outline functions and food sources of nutrients, including water, proteins, lipids, carbohydrates.	Teacher observation and authentic practical evidence after the activity and. FT5-NSA-01, FT5-COM-01 Teacher to confirm
115	Practical	Future unit slot 6: Nutritional value of foods	Teacher to authorise a practical experience that applies this official content.	Describe the absorption and metabolism of nutrients in the body during the digestion process	Teacher observation and authentic practical evidence after the activity and. FT5-COM-01 Teacher to confirm
116	Practical	Future unit slot 6: Nutritional value of foods	Teacher to authorise a practical experience that applies this official content.	Investigate types and food sources of dietary fibre and its role in supporting health and wellbeing	Teacher observation and authentic practical evidence after the activity and. FT5-NSA-01 Teacher to confirm
117	Practical	Future unit slot 6: Nutritional value of foods	Teacher to authorise a practical experience that applies this official content.	Outline the nutritional needs of individuals and groups of people at each stage of life	Teacher observation and authentic practical evidence after the activity and. FT5-NSA-01 Teacher to confirm
118	Practical	Future unit slot 6: Nutritional value of foods	Teacher to authorise a practical experience that applies this official content.	Assess why the nutritional needs of individuals and groups of people may change over time	Teacher observation and authentic practical evidence after the activity and. FT5-NSA-01 Teacher to confirm
119	Practical	Future unit slot 6: Nutritional value of foods	Teacher to authorise a practical experience that applies this official content.	Generate ideas and solutions to promote the nutritional value of foods for individuals and groups of people	Teacher observation and authentic practical evidence after the activity and. FT5-NSA-01 Teacher to confirm
120	Practical	Future unit slot 6: Nutritional value of foods	Teacher to authorise a practical experience that applies this official content.	Identify and apply safe and hygienic food preparation practices	Teacher observation and authentic practical evidence after the activity and. FT5-SAF-01, FT5-FPP-01 Teacher to confirm

Periods 121-130 | Future unit slot 7 | planned gap

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
121	Site/theory	Future unit slot 7: Nutritional value of foods	Build or select a source-backed lesson for Nutritional value of foods.	Design and create meals to improve nutritional value by substituting ingredients, including proteins.	Approved learning package, completed check and saved response. FT5-USE-01, FT5-NSA-01 Teacher to confirm
122	Site/theory	Future unit slot 7: Nutritional value of foods	Build or select a source-backed lesson for Nutritional value of foods.	Plan and safely prepare nutritious foods to meet the needs of individuals and groups of people	Approved learning package, completed check and saved response. FT5-SAF-01, FT5-FPP-01 Teacher to confirm
123	Site/theory	Future unit slot 7: Food selection for.	Build or select a source-backed lesson for Food selection for nutrition and dietary needs.	Investigate and evaluate food guides that promote balanced and nutritious food choices	Approved learning package, completed check and saved response. FT5-NSA-01, FT5-COM-01 Teacher to confirm
124	Project/folio	Future unit slot 7: Food selection for.	Build a future-unit folio task for Food selection for nutrition and dietary needs.	Examine physiological, psychological, social and economic factors that influence food selection	Approved folio checkpoint and evidence destination. FT5-NSA-01 Teacher to confirm
125	Project/folio	Future unit slot 7: Food selection for.	Build a future-unit folio task for Food selection for nutrition and dietary needs.	Compare food allergies and intolerances to determine suitable food selection for individuals	Approved folio checkpoint and evidence destination. FT5-NSA-01 Teacher to confirm
126	Project/folio	Future unit slot 7: Food selection for.	Build a future-unit folio task for Food selection for nutrition and dietary needs.	Explain how informed food choices can support the management of nutrition-related health conditions	Approved folio checkpoint and evidence destination. FT5-COM-01, FT5-NSA-01 Teacher to confirm
127	Practical	Future unit slot 7: Food selection for.	Teacher to authorise a practical experience that applies this official content.	Evaluate how food is designed and promoted to influence individual and consumer choices	Teacher observation and authentic practical evidence after the activity and. FT5-NSA-01 Teacher to confirm
128	Practical	Future unit slot 7: Food selection for.	Teacher to authorise a practical experience that applies this official content.	Investigate how media may influence food selection and impact the health of individuals and society	Teacher observation and authentic practical evidence after the activity and. FT5-NSA-01, FT5-ENV-01 Teacher to confirm
129	Practical	Future unit slot 7: Food selection for.	Teacher to authorise a practical experience that applies this official content.	Assess nutritional claims used to influence consumer choice	Teacher observation and authentic practical evidence after the activity and. FT5-NSA-01 Teacher to confirm
130	Practical	Future unit slot 7: Food selection for.	Teacher to authorise a practical experience that applies this official content.	Discuss the influence of food safety, sustainability and ethical production on consumer food choices and.	Teacher observation and authentic practical evidence after the activity and. FT5-SAF-01, FT5-COM-01, FT5-NSA-01 Teacher to confirm

Periods 131-140 | Future unit slot 7 | planned gap

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
131	Practical	Future unit slot 7: Food selection for.	Teacher to authorise a practical experience that applies this official content.	Generate ideas to promote food safety, sustainability and ethical production to consumers	Teacher observation and authentic practical evidence after the activity and. FT5-SAF-01, FT5-NSA-01, FT5-ENV-01 Teacher to confirm
132	Practical	Future unit slot 7: Food selection for.	Teacher to authorise a practical experience that applies this official content.	Create written texts to explain how food selection supports nutrition and dietary needs	Teacher observation and authentic practical evidence after the activity and. FT5-COM-01, FT5-NSA-01 Teacher to confirm
133	Practical	Future unit slot 7: Food selection for.	Teacher to authorise a practical experience that applies this official content.	Identify and apply safe and hygienic food preparation practices	Teacher observation and authentic practical evidence after the activity and. FT5-SAF-01, FT5-FPP-01 Teacher to confirm
134	Practical	Future unit slot 7: Food selection for.	Teacher to authorise a practical experience that applies this official content.	Design and create meals using alternative ingredients to meet specific dietary needs	Teacher observation and authentic practical evidence after the activity and. FT5-USE-01, FT5-NSA-01 Teacher to confirm
135	Practical	Future unit slot 7: Food selection for.	Teacher to authorise a practical experience that applies this official content.	Plan and safely prepare nutritious foods to meet a range of dietary needs	Teacher observation and authentic practical evidence after the activity and. FT5-SAF-01, FT5-FPP-01, FT5-NSA-01 Teacher to confirm
136	Practical	Future unit slot 7: Food processing systems	Teacher to authorise a practical experience that applies this official content.	Identify food processing systems in Australia	Teacher observation and authentic practical evidence after the activity and. FT5-IET-01 Teacher to confirm
137	Practical	Future unit slot 7: Food processing systems	Teacher to authorise a practical experience that applies this official content.	Outline the types and methods of primary and secondary food processing	Teacher observation and authentic practical evidence after the activity and. FT5-IET-01 Teacher to confirm
138	Practical	Future unit slot 7: Food processing systems	Teacher to authorise a practical experience that applies this official content.	Describe how food processing affects the sensory and nutritional properties of food	Teacher observation and authentic practical evidence after the activity and. FT5-COM-01, FT5-FPP-01, FT5-IET-01 Teacher to confirm
139	Practical	Future unit slot 7: Food processing systems	Teacher to authorise a practical experience that applies this official content.	Examine the purpose and principles of food preservation	Teacher observation and authentic practical evidence after the activity and. FT5-IET-01, FT5-COM-01 Teacher to confirm
140	Practical	Future unit slot 7: Food processing systems	Teacher to authorise a practical experience that applies this official content.	Investigate food preservation methods developed by Aboriginal and Torres Strait Islander Peoples	Teacher observation and authentic practical evidence after the activity and. FT5-IET-01, FT5-COM-01 Teacher to confirm

Periods 141-150 | Future unit slot 8 | planned gap

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
141	Site/theory	Future unit slot 8: Food processing systems	Build or select a source-backed lesson for Food processing systems.	Investigate emerging technologies used in food production, processing and preservation	Approved learning package, completed check and saved response. FT5-IET-01 Teacher to confirm
142	Site/theory	Future unit slot 8: Food processing systems	Build or select a source-backed lesson for Food processing systems.	Evaluate the types and functions of food packaging available to store and distribute foods	Approved learning package, completed check and saved response. FT5-IET-01, FT5-COM-01 Teacher to confirm
143	Site/theory	Future unit slot 8: Food processing systems	Build or select a source-backed lesson for Food processing systems.	Outline legislative food labelling requirements	Approved learning package, completed check and saved response. FT5-IET-01, FT5-COM-01 Teacher to confirm
144	Project/folio	Future unit slot 8: Food processing systems	Build a future-unit folio task for Food processing systems. Students apply the official point in.	Produce appropriate food labels and packaging for food preservation	Approved folio checkpoint and evidence destination. FT5-IET-01, FT5-COM-01 Teacher to confirm
145	Project/folio	Future unit slot 8: Food processing systems	Build a future-unit folio task for Food processing systems. Students apply the official point in.	Identify and apply safe and hygienic food preparation practices	Approved folio checkpoint and evidence destination. FT5-SAF-01, FT5-FPP-01 Teacher to confirm
146	Project/folio	Future unit slot 8: Food processing systems	Build a future-unit folio task for Food processing systems. Students apply the official point in.	Design and create meals using appropriate food preservation methods	Approved folio checkpoint and evidence destination. FT5-IET-01, FT5-COM-01 Teacher to confirm
147	Practical	Future unit slot 8: Food processing systems	Teacher to authorise a practical experience that applies this official content.	Apply primary and secondary food processing methods to safely prepare nutritious foods	Teacher observation and authentic practical evidence after the activity and. FT5-SAF-01, FT5-FPP-01, FT5-IET-01 Teacher to confirm
148	Practical	Future unit slot 8: Food events and catering.	Teacher to authorise a practical experience that applies this official content.	Identify local and global examples of food events and catering trends	Teacher observation and authentic practical evidence after the activity and. FT5-IET-01, FT5-COM-01 Teacher to confirm
149	Practical	Future unit slot 8: Food events and catering.	Teacher to authorise a practical experience that applies this official content.	Explore a variety of menus that reflect contemporary food events and catering operations	Teacher observation and authentic practical evidence after the activity and. FT5-IET-01, FT5-COM-01 Teacher to confirm
150	Practical	Future unit slot 8: Food events and catering.	Teacher to authorise a practical experience that applies this official content.	Outline the rights and responsibilities of employers and employees implementing food events and catering.	Teacher observation and authentic practical evidence after the activity and. FT5-IET-01, FT5-COM-01 Teacher to confirm

Periods 151-160 | Future unit slot 8 | planned gap

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
151	Practical	Future unit slot 8: Food events and catering.	Teacher to authorise a practical experience that applies this official content.	Examine and apply food regulations, standards and codes of practice	Teacher observation and authentic practical evidence after the activity and. FT5-IET-01, FT5-COM-01 Teacher to confirm
152	Practical	Future unit slot 8: Food events and catering.	Teacher to authorise a practical experience that applies this official content.	Investigate emerging technologies used for food events and catering operations to order, prepare.	Teacher observation and authentic practical evidence after the activity and. FT5-FPP-01, FT5-IET-01 Teacher to confirm
153	Practical	Future unit slot 8: Food events and catering.	Teacher to authorise a practical experience that applies this official content.	Identify and evaluate ways to improve sustainability in sourcing ingredients and planning menus for food.	Teacher observation and authentic practical evidence after the activity and. FT5-USE-01, FT5-ENV-01 Teacher to confirm
154	Practical	Future unit slot 8: Food events and catering.	Teacher to authorise a practical experience that applies this official content.	Describe how food event and catering menus accommodate diverse dietary needs	Teacher observation and authentic practical evidence after the activity and. FT5-COM-01, FT5-NSA-01 Teacher to confirm
155	Practical	Future unit slot 8: Food events and catering.	Teacher to authorise a practical experience that applies this official content.	Investigate food presentation, photography and styling trends used for food events and catering operations	Teacher observation and authentic practical evidence after the activity and. FT5-FPP-01 Teacher to confirm
156	Practical	Future unit slot 8: Food events and catering.	Teacher to authorise a practical experience that applies this official content.	Discuss career pathways in food events and catering operations	Teacher observation and authentic practical evidence after the activity and. FT5-COM-01, FT5-IET-01 Teacher to confirm
157	Practical	Future unit slot 8: Food events and catering.	Teacher to authorise a practical experience that applies this official content.	Create written texts to explain how the contexts of food events and catering operations informs their features.	Teacher observation and authentic practical evidence after the activity and. FT5-COM-01 Teacher to confirm
158	Practical	Future unit slot 8: Food events and catering.	Teacher to authorise a practical experience that applies this official content.	Identify and apply safe and hygienic food preparation practices	Teacher observation and authentic practical evidence after the activity and. FT5-SAF-01, FT5-FPP-01 Teacher to confirm
159	Practical	Future unit slot 8: Food events and catering.	Teacher to authorise a practical experience that applies this official content.	Design and create menus for a range of food events and catering operations	Teacher observation and authentic practical evidence after the activity and. FT5-IET-01, FT5-COM-01 Teacher to confirm
160	Practical	Future unit slot 8: Food events and catering.	Teacher to authorise a practical experience that applies this official content.	Plan and safely prepare foods for catering small or large-scale food events and catering operations	Teacher observation and authentic practical evidence after the activity and. FT5-SAF-01, FT5-FPP-01 Teacher to confirm

Periods 161-170 | Future unit slot 9 | planned gap

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
161	Site/theory	Future unit slot 9: Local and community food.	Build or select a source-backed lesson for Local and community food systems.	Investigate access to and availability of local and community food systems	Approved learning package, completed check and saved response. FT5-NSA-01, FT5-ENV-01 Teacher to confirm
162	Site/theory	Future unit slot 9: Local and community food.	Build or select a source-backed lesson for Local and community food systems.	Outline social, religious, cultural or customary influences on local and community food systems	Approved learning package, completed check and saved response. FT5-ENV-01 Teacher to confirm
163	Site/theory	Future unit slot 9: Local and community food.	Build or select a source-backed lesson for Local and community food systems.	Describe how Aboriginal and Torres Strait Islander Peoples' customary sustainable food Practices may be.	Approved learning package, completed check and saved response. FT5-COM-01, FT5-ENV-01 Teacher to confirm
164	Project/folio	Future unit slot 9: Local and community food.	Build a future-unit folio task for Local and community food systems.	Explain how local and community food systems can minimise food waste and improve sustainability	Approved folio checkpoint and evidence destination. FT5-COM-01, FT5-ENV-01 Teacher to confirm
165	Project/folio	Future unit slot 9: Local and community food.	Build a future-unit folio task for Local and community food systems.	Examine how media influences the marketing and promotion of local and community food systems	Approved folio checkpoint and evidence destination. FT5-IET-01, FT5-ENV-01 Teacher to confirm
166	Project/folio	Future unit slot 9: Local and community food.	Build a future-unit folio task for Local and community food systems.	Discuss the role of food rescue organisations in providing food for individuals and communities	Approved folio checkpoint and evidence destination. FT5-COM-01 Teacher to confirm
167	Practical	Future unit slot 9: Local and community food.	Teacher to authorise a practical experience that applies this official content.	Generate ideas and solutions for meals and food packaging for a food rescue organisation	Teacher observation and authentic practical evidence after the activity and. FT5-ENV-01, FT5-COM-01 Teacher to confirm
168	Practical	Future unit slot 9: Local and community food.	Teacher to authorise a practical experience that applies this official content.	Investigate ways local businesses and community groups generate food supply and distribution opportunities	Teacher observation and authentic practical evidence after the activity and. FT5-ENV-01, FT5-COM-01 Teacher to confirm
169	Practical	Future unit slot 9: Local and community food.	Teacher to authorise a practical experience that applies this official content.	Analyse factors contributing to the occurrence of food deserts in Australia	Teacher observation and authentic practical evidence after the activity and. FT5-ENV-01, FT5-COM-01 Teacher to confirm
170	Practical	Future unit slot 9: Local and community food.	Teacher to authorise a practical experience that applies this official content.	Apply food presentation, photography and styling techniques to develop promotional materials for local and.	Teacher observation and authentic practical evidence after the activity and. FT5-FPP-01, FT5-ENV-01 Teacher to confirm

Periods 171-180 | Future unit slot 9 | planned gap

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
171	Practical	Future unit slot 9: Local and community food.	Teacher to authorise a practical experience that applies this official content.	Identify and apply safe and hygienic food preparation practices	Teacher observation and authentic practical evidence after the activity and. FT5-SAF-01, FT5-FPP-01 Teacher to confirm
172	Practical	Future unit slot 9: Local and community food.	Teacher to authorise a practical experience that applies this official content.	Design and create meals that minimise food waste and improve environmental sustainability	Teacher observation and authentic practical evidence after the activity and. FT5-ENV-01 Teacher to confirm
173	Practical	Future unit slot 9: Local and community food.	Teacher to authorise a practical experience that applies this official content.	Plan and safely prepare foods using locally sourced and seasonal ingredients	Teacher observation and authentic practical evidence after the activity and. FT5-SAF-01, FT5-FPP-01, FT5-USE-01 Teacher to confirm
174	Practical	Future unit slot 9: Global food supply and.	Teacher to authorise a practical experience that applies this official content.	Identify global food production and distribution systems	Teacher observation and authentic practical evidence after the activity and. FT5-ENV-01, FT5-COM-01 Teacher to confirm
175	Practical	Future unit slot 9: Global food supply and.	Teacher to authorise a practical experience that applies this official content.	Describe the dimensions of food security, including availability, access, utilisation and stability	Teacher observation and authentic practical evidence after the activity and. FT5-COM-01, FT5-NSA-01, FT5-ENV-01 Teacher to confirm
176	Practical	Future unit slot 9: Global food supply and.	Teacher to authorise a practical experience that applies this official content.	Discuss why individuals and groups may be at risk of food insecurity	Teacher observation and authentic practical evidence after the activity and. FT5-SAF-01, FT5-COM-01, FT5-ENV-01 Teacher to confirm
177	Practical	Future unit slot 9: Global food supply and.	Teacher to authorise a practical experience that applies this official content.	Identify and explain challenges affecting food production and distribution systems	Teacher observation and authentic practical evidence after the activity and. FT5-COM-01 Teacher to confirm
178	Practical	Future unit slot 9: Global food supply and.	Teacher to authorise a practical experience that applies this official content.	Investigate environmental conditions that may influence sustainability and resilience of food production.	Teacher observation and authentic practical evidence after the activity and. FT5-ENV-01 Teacher to confirm
179	Practical	Future unit slot 9: Global food supply and.	Teacher to authorise a practical experience that applies this official content.	Investigate global food relief agencies and their influence on food security	Teacher observation and authentic practical evidence after the activity and. FT5-ENV-01 Teacher to confirm
180	Practical	Future unit slot 9: Global food supply and.	Teacher to authorise a practical experience that applies this official content.	Discuss societal, ethical and environmental considerations for global food supply and distribution	Teacher observation and authentic practical evidence after the activity and. FT5-COM-01, FT5-ENV-01 Teacher to confirm

Periods 181-190 | Future unit slot 10 | planned gap

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
181	Site/theory	Future unit slot 10: Global food supply and.	Build or select a source-backed lesson for Global food supply and distribution.	Investigate and evaluate emerging technologies in food production, packaging and distribution	Approved learning package, completed check and saved response. FT5-IET-01 Teacher to confirm
182	Site/theory	Future unit slot 10: Global food supply and.	Build or select a source-backed lesson for Global food supply and distribution.	Create written texts to explain how social, political and environmental factors shape food systems	Approved learning package, completed check and saved response. FT5-COM-01, FT5-ENV-01 Teacher to confirm
183	Site/theory	Future unit slot 10: Global food supply and.	Build or select a source-backed lesson for Global food supply and distribution.	Identify and apply safe and hygienic food preparation practices	Approved learning package, completed check and saved response. FT5-SAF-01, FT5-FPP-01 Teacher to confirm
184	Project/folio	Future unit slot 10: Global food supply and.	Build a future-unit folio task for Global food supply and distribution.	Design and create meals to improve nutrition using readily available ingredients	Approved folio checkpoint and evidence destination. FT5-USE-01, FT5-NSA-01 Teacher to confirm
185	Project/folio	Future unit slot 10: Global food supply and.	Build a future-unit folio task for Global food supply and distribution.	Plan and safely prepare foods using available ingredients within a set budget	Approved folio checkpoint and evidence destination. FT5-SAF-01, FT5-FPP-01, FT5-USE-01 Teacher to confirm
186	Project/folio	Future unit slot 10: Food design and.	Build a future-unit folio task for Food design and production. Students apply the official point in.	Investigate how Aboriginal and Torres Strait Islander Peoples' customary ingredients may influence.	Approved folio checkpoint and evidence destination. FT5-USE-01 Teacher to confirm
187	Practical	Future unit slot 10: Food design and.	Teacher to authorise a practical experience that applies this official content.	Investigate and describe current trends in food design and production	Teacher observation and authentic practical evidence after the activity and. FT5-COM-01 Teacher to confirm
188	Practical	Future unit slot 10: Food design and.	Teacher to authorise a practical experience that applies this official content.	Explore how emerging technologies may improve sustainability through food design and production	Teacher observation and authentic practical evidence after the activity and. FT5-IET-01, FT5-ENV-01 Teacher to confirm
189	Practical	Future unit slot 10: Food design and.	Teacher to authorise a practical experience that applies this official content.	Apply creative concepts and design thinking to generate and evaluate food design ideas and solutions for a.	Teacher observation and authentic practical evidence after the activity and. FT5-FPP-01, FT5-USE-01 Teacher to confirm
190	Practical	Future unit slot 10: Food design and.	Teacher to authorise a practical experience that applies this official content.	Apply planning and management skills when developing food design ideas and solutions	Teacher observation and authentic practical evidence after the activity and. FT5-FPP-01, FT5-USE-01 Teacher to confirm

Periods 191-200 | Future unit slot 10 | planned gap

P	Type	Focus	Teaching and learning	Syllabus content	Evidence / outcomes
191	Practical	Future unit slot 10: Food design and.	Teacher to authorise a practical experience that applies this official content.	Justify food design ideas and solutions through ingredient testing and experimentation for a specific context	Teacher observation and authentic practical evidence after the activity and. FT5-COM-01, FT5-USE-01 Teacher to confirm
192	Practical	Future unit slot 10: Food design and.	Teacher to authorise a practical experience that applies this official content.	Investigate and apply food presentation, photography and styling techniques used in food design and production	Teacher observation and authentic practical evidence after the activity and. FT5-FPP-01 Teacher to confirm
193	Practical	Future unit slot 10: Food design and.	Teacher to authorise a practical experience that applies this official content.	Discuss career pathways in food design and production	Teacher observation and authentic practical evidence after the activity and. FT5-COM-01, FT5-IET-01 Teacher to confirm
194	Practical	Future unit slot 10: Food design and.	Teacher to authorise a practical experience that applies this official content.	Identify and apply safe and hygienic food preparation practices	Teacher observation and authentic practical evidence after the activity and. FT5-SAF-01, FT5-FPP-01 Teacher to confirm
195	Practical	Future unit slot 10: Food design and.	Teacher to authorise a practical experience that applies this official content.	Design and create packaging and promotional materials for food products developed for specific contexts	Teacher observation and authentic practical evidence after the activity and. FT5-FPP-01, FT5-USE-01 Teacher to confirm
196	Practical	Future unit slot 10: Food design and.	Teacher to authorise a practical experience that applies this official content.	Plan and safely prepare food inspired by current trends in food design and production	Teacher observation and authentic practical evidence after the activity and. FT5-SAF-01, FT5-FPP-01 Teacher to confirm
197	Practical	Future unit slot 10: Food preparation.	Teacher to authorise a practical experience that applies this official content.	Apply planning and management skills when undertaking food preparation practices	Teacher observation and authentic practical evidence after the activity and. FT5-FPP-01 Teacher to confirm
198	Practical	Future unit slot 10: Food preparation.	Teacher to authorise a practical experience that applies this official content.	Assess the functional properties of ingredients in food which has been planned and prepared for a specific.	Teacher observation and authentic practical evidence after the activity and. FT5-FPP-01, FT5-USE-01 Teacher to confirm
199	Practical	Future unit slot 10: Food preparation.	Teacher to authorise a practical experience that applies this official content.	Describe and apply food practices to minimise food waste, deterioration and spoilage	Teacher observation and authentic practical evidence after the activity and. FT5-COM-01, FT5-ENV-01 Teacher to confirm
200	Practical	Future unit slot 10: Food preparation.	Teacher to authorise a practical experience that applies this official content.	Investigate how changes to ingredients and techniques in food preparation practices can improve the.	Teacher observation and authentic practical evidence after the activity and. FT5-FPP-01, FT5-USE-01, FT5-NSA-01 Teacher to confirm
